

The Combined Ocean Pointscore series 2010 hosted by LMYC was highly successful in creating a large fleet of 20 yachts in tough competition over six races. Congratulations are also due to Phil Arnall and his crew of Anger Management for a blinding finish to the series, taking out line honours in both races 5 and 6, and to Robin Hillery who took Warrain to a handicap win in race 5. The camaraderie between clubs was very much in evidence at Royal Motor Yacht Club on the Saturday night before the final race.

Spectators at Swansea Heads for the start of race 5 are still talking about the sight: the LMYC yachts streaming from the channel; the line of NCYC yachts coming down the coast; and the spectacular start under kite, all on a sparkling sea in brilliant sunshine. More of the same next year please Russell.
