

NCYC Meeting of Skippers or their representatives

5.30 pm Monday 3 May 2010

At the NCYC Licensed Premises

Have your say on Sailing

Although it is to be conducted on an informal basis, this is an important meeting requiring input from all competitors to ensure that the future direction of Sailing at NCYC continues to meet the needs and requirements of the fleet.

Skippers who can't attend need to ensure they have a representative present who will be able to present the views of that skipper.

As preparation for this meeting, for added input, you are asked to discuss with your crew members the topics to be raised, and any other issues of concern.

The more input we get from you, the better your sailing will be

Topics to be discussed will include:

- ✚ A review of the 2009- 2010 Sailing Season;
- ✚ Suggestions for inclusions in the 2010 – 2011 Sailing Season white book;
- ✚ Introduction to the Top Yacht Entry System being trialed for the Winter SOP;
- ✚ Discussion as to whether to proceed with the Winter Twilight Series;
- ✚ Discussion regarding changing of sailing from Sunday to Saturday.

Please confirm to me the name of the person from your yacht who will be attending the briefing by either:
