

Sydney Seaplanes Innerspring Regatta Pointscore 2011

Formula: Difference between 3rd and 1st (in points), divided by number of scoring races, divided by number of boats in that Division, multiplied by 10, multiplied by Divisional placing.

Note 1: "Difference between 3rd and 1st (in points)" is to get a 'competitiveness factor' for each Division

Note 2: Multiplication by 10 is to get a sensible number

Yachts must sail more than 50% races to be a valid series entrant.

| SUMMER SALT | P Gleeson | 2 | 6 | 11.11 |
| UBULUKU | M Stansfield | 3 | 9 | 16.67 |

Additional Notes:

IRC Divions 1 & 2 combined for overall results as ultimately there was only 1 qualifying competitor in IRC Div 2! Results carried into new division.

Prizes awarded to all first place divisional winners.

Overall point score winner: 'Farr Truck' with a regatta point score of 1.67!
