Proposed Amendment – 2.5 Youth Crew Member

(g) (i) Be aged between 18 and 35 years;

This proposed change recognises the significant decline in participation among young adults identified in research by the Australian Sports Commission and the Australian Sailing Participation Review. NCYC is seeking to take a proactive role in addressing this trend and reducing barriers to participation.

Since the Club's establishment and adoption of its constitution 32 years ago, financial pressures facing people aged 25-35 have changed considerably. The Board and Management believe that extending youth membership support to this age group will help make sailing and Club membership more accessible, encouraging greater participation and strengthening the future of our sailing community.

We welcome your input and look forward to seeing you at the AGM.
